

ARENDSVILLE BANK'S GROWTH IS COMMENDED

The "tremendous growth of the National Bank of Arendtsville during the past ten years exceeds that of any bank within my knowledge," Edward J. Cade, of the Pennsylvania Co. for Banking and Trusts of Philadelphia, declared Tuesday evening at the fifth annual stockholders' dinner of the Arendtsville bank held in the Arendtsville Reformed Church.

Cade spoke following a report by Cashier Arnold E. Orner on the condition of the bank. The Pennsylvania Co., a "bankers' bank," has served as such for the Arendtsville bank since its establishment in 1908. Cade declared: "You stockholders are to be congratulated on the excellence of the officers and directors of your bank."

The records for the last ten years, as ready by Arnold showed the deposits in the bank to have increased from \$682,739.42 in 1942 to \$1,620,427.88 in 1952. Interest paid by the bank has increased from \$7,292.07 in 1942 to \$18,563.93. Time deposits increased from \$407,896.19 in 1942 to \$1,001,120.07 at the present time. During the period from 1942 through 1952 the bank paid \$118,639.21 in interest to its depositors, paid \$71,739.89 in taxes and paid \$47,000 in dividends. In addition, during the past 11 years, entirely through retention of earnings and without sale of additional stock, the bank's capital account has increased from \$91,541.23 to \$211,537.26.

\$1,836,190 In Assets

The bank's statement, contained in a printed report presented the 125 attending the dinner, shows it to have assets of \$1,836,190.14 including cash and due from banks, \$379,553.73; U. S. Government obligations, \$529,033.75; municipal bonds, \$25,157; other bonds and securities, \$15,250; loans and discounts, \$843,790.13; banking house, furniture and fixtures, \$42,962.50; other assets \$443.13. Twelve of the present stockholders are original purchasers of stock, Arnold reported. Thirty of the present stockholders are members of the families of original holders of the stock. Two of the directors, Robert H. Shull and G. Frank Smith, have served as such since the bank was founded. The bank during the past 42 years has had two presidents, S. G. Bucher and C. E. Taylor, present head of the institution.

The printed statement of condition of the bank disclosed that it has 600 savings accounts and 850 checking accounts. Its Christmas savings fund has increased 500 per cent in the past ten years. As of December 31 the bank had 680 loans outstanding of which 79 were commercial loans, 169 operating loans to farmers, 31 farm mortgage loans, 35 G. I. mortgage loans, 70 home mortgage loans, eight real estate mortgages on other types of property, 34 automobile financings, 83 home appliance loans, 13 installment cash loans and 158 single payment loans.

Minister Speaks

"We are in the last stages of the 'Age of Reason,' the age in which man thought he was sufficient unto himself and that given time he could solve alone all problems," Rev. H. W. Weber, pastor of Advent Lutheran Church, York, and principal speaker at the dinner, declared. Using as his theme "What Time Is It?" he pointed out, "The only time we have is the present second. We can't go back into the past, we can only imagine the future."

Progress, he said, "can be made only when we use in combination the rich heritage of the past, the hard work of the present and sound imagination for the future."

The York pastor observed, "The Greeks were seeking for God but did not find Him. Then in the middle ages we tried to combine the Greek (Please Turn to Page 2)

Stork's 952 Trips In '52 Set All Time Record Here

Nine hundred fifty-two babies, an all-time record number, were born in Gettysburg district during the last year, according to the annual report of Ralph C. Geiselman, registrar of vital statistics for the area including Gettysburg and Cumberland, Straban, Freedom and Highland Twp.

The number compares to 905 recorded in 1951, the previous record. Of the 952 births 938 were live births and 14 stillbirths. In 1951 there were 891 live and 14 stillbirths.

A total of 192 deaths were recorded, other than the 14 stillbirths which brought the figure for deaths to 206. Last year there were 209 deaths in addition to the 14 stillbirths of that year.

Boys Outnumber Girls

Since January 1, 1906, when the office of the registrar of vital statistics was opened, 15,142 births have been recorded in the district, while deaths have totalled 7,198.

The overwhelming majority of the births — and deaths — occurred in Gettysburg because the hospital is here. The registrar

\$4,185 SPENT ON POLIO PATIENTS DURING 1952

The increased need for immediate, additional funds for the treatment and care of Adams County stricken with polio was stressed by Mrs. Joseph E. Codori, chairman of the Adams County March of Dimes Chapter, today, as the 1953 campaign swung into full stride.

During 1952 there were 11 new polio patients in the county, only two of whom had their expenses underwritten through insurance policies. The March of Dimes paid the expenses of nine of the new patients, and continued caring for six older cases.

Spent \$4,185 In 1952

Expenditures during the past year totaled \$4,185.25, of which \$3,256.36 was spent for hospitalization; \$623 for physicians; \$159.09 for special shoes and braces and \$146.80 for nursing care and therapy.

rationalism and faith. Later men abandoned God and relied entirely on reason. Now we are coming to the end of the age when man feels himself to be in place of God.

"Thank God we invented a machine so big man cannot control it himself — the atom bomb. It has brought more people to a realization that faith is the only strength that will give the people of America courage to live through present times. We are noting the beginning of a new trend. People are turning more and more from the wisdom of man to the wisdom of God as He revealed it through the prophets of old and our old Jesus Christ. You notice it in the new churches being built, in the fact that large manufacturers are at Christmas time using advertising just a little different, bringing forth more of the Christmas story, in the demand that Christmas be made Christian once again.

In Period Of Change
"We are in a period of change. Just what time it is on the clock of eternity I cannot tell you. But men and women of faith and vision can help bring in this new age. We all have a duty today to help assure that this new age we are coming into is built upon the word of the living God."

Entertainment included the singing of "A Little Bit of Heaven," "Lindy Lou" and "May the Good Lord Bless and Keep You" by Miss Louise McDannell and a mimicry act by The Hollies. The roast turkey dinner was served by the Ever Ready Sunday School Class of Zion Reformed Church.

GHS Reservists Spark Team To 47-44 Win At Waynesboro; Reserves Take Opener 34-26

Gettysburg High School's cagers copped their second straight South Penn League victory Tuesday night by nipping Waynesboro in a close game 47-44 on the Tornado court, thanks to a bit of fine work on the part of several of Coach George Forney's reservists.

Bobby Rohrbaugh, George Penn, Jay Schmitt and Pete Laughman were sent into action for four regulars in the third quarter and their efficient and speedy work steadied the Warrior outfit after they had fallen behind early in the round, eventually paving the way for Gettysburg's seventh win in eight starts this season. The victory left the Warriors in a four-way tie for second place with Chambersburg, Hershey and Hanover.

Gettysburg started well against the Tornado and took a 12-7 lead in the first period via three goals by Bob Hixon, goal by Gus Dayhoff and foul by Skip Pischel. By John Carter, a goal and foul Waynesboro, which shot a total of 31 fouls during the game, converted five fouls while Tom Cross, 6-7 center, landed the only goal.

Waynesboro cut into the Warrior margin in the second frame when the locals were held to seven points on goals by Jim Skinner, Pischel and Dayhoff plus a foul by Carter. Cross was good for another goal and trio of fouls for Waynesboro with Carson, Shade and Provand adding twopoints as Gettysburg led 19-18 at the half. During the period the Forney-men were almost completely thwarted under the boards and seldom got more than one shot.

Scrubs Steady Team
After the Tornado shot into a five-point lead in the first two minutes of the third frame, Coach Forney injected his reserves and then promptly turned the tide of the battle. George Penn and Bobby Rohrbaugh accounted for a pair of goals each and their pressing game upset the home team with the result that the Tornado margin was cut to 30-29 at the close of the period.

The Warriors pulled steadily ahead in the fourth period and near the end of the contest Forney inserted his regulars to protect their narrow margin.

There were times during the game members of the team seemingly forgot that they were playing as a unit and that a victory was the ultimate goal.

Lead All The Way
Ross Sachs' reserves kept their league record free of defeat by taking the preliminary game 34-26. It marked their third straight in conference competition. The Jayvees led all the way with Stanton Musser and Geoffrey Langsam turning in nice performances.

The Warrior teams invade Hershey for a double bill Friday night. Hershey's varsity has a 2-1 record and at present looms as one of the strongest teams in the circuit.

MUST DECIDE SITE FOR HEAVY TITLE BATTLE

NEW YORK (AP)—Boxing's new Board of Review gets as its first case one of the oldest problems in boxing: where to have the heavyweight championship bout.

The days-old board, set up by the New York State Athletic Commission and the National Boxing Association, will attempt to settle a disagreement which threatens to block plans for heavyweight Champion Rocky Marciano's April 10 return bout with former Champ Jersey Joe Walcott.

Promoter Jim Norris, president of the International Boxing Club, wants the fight in Chicago. No Chicago, no fight, is the way he put it.

Ask For Contracts
But Felix Boocchicchio, Walcott's manager, insisted that the scrap be in Atlantic City's Convention Hall, (46,000 seating capacity) or the Miami Orange Bowl (75,000). He contended the Chicago Stadium's 26,000 seats were not enough.

When the argument reached this point, the New York-NBA board took over and called for Norris and Boocchicchio to produce contracts at a Friday morning meeting here.

"We want to take a look at the contracts and see if we can't straighten this matter out," said George Barton, president of the NBA. He forms the board with Bob Christenberry, chairman of the New York commission, and Commissioner Abe Greene of the NBA.

White Sox Sign Minor League Hurler

CHICAGO (AP)—The Chicago White Sox have signed a 31-year-old pitcher and their general manager, Frank Lane, says the newcomer was "the outstanding minor league pitcher of 1952."

Announcing the signing yesterday Lane left no doubt that he expects great things from right hander Bob Keegan, who pitched 27 complete games, winning 20, for Syracuse of the International League last season.

The Sox purchased Keegan at the end of the season. He is a 6 foot 2 inch, 190-pounder who was named to the International League All-Star team. He hurled seven shutouts through the season.

Lane said Keegan, a graduate of Bucknell University at Lewisburg, Pa., "definitely figures in the White Sox pennant plans for 1953."

Groggy Cubs

This little bear story comes from a wildlife protection officer who says: "On October 21, a deputy game protector took a hike in a south central county. As he approached a small stream he observed a black object, then a second one. Continuing, he discovered them to be cub bears acting very queerly. He walked within a few feet of the cubs and they paid no attention to him. He watched sympathetically, because the little fellows appeared blind. They would walk into each other and when they would try to stand on their feet they would stagger and topple over. Eventually, one cub lurched to the stream bank. He tumbled down it into the water, and was unable to get out.

"The deputy rescued the cub, grew suspicious and investigated. He found a small amount of mash on the stream bank and noted that the cubs had eaten of it. From that point it was not difficult to understand why the little bears staggered and fell."

Liquor Control Board agents were notified of the incident.

Alonzo Stagg Able To Return Home

STOCKTON, Calif. (AP)—Amos Alonzo Stagg, at 90 the grand old man of football, has returned home after being hospitalized since New Year's Eve for an intestinal disturbance.

Stagg reported he feels "first rate" now, but said he would take it easy until spring, when he plans to return to his job as associate football coach at Susquehanna University at Selinsgrove, Pa. His son, A. A. Stagg, Jr., is the coach there.

TWO OHIOANS PACE DRIVERS

SARATOGA SPRINGS, N. Y. (AP)—Two Ohio reinsmen led the field of harness race drivers in 1952, the Universal Driver Rating System reports.

Wayne (Curly) Smart, Delaware, O., ranked first with a 469 average on 62 firsts, 53 seconds and 35 thirds in 220 starts. Louis Huber Jr., Mt. Healthy, O., was second with an average of 461.

Smart drove W. G. Reynolds' Meadow Rice to one of the year's biggest triumphs in winning the \$60,000 Little Brown Jug.

Third place in the UDRS standings went to Delvin Miller, Meadow Lands, Pa., at 445. Clair McMillen, Elderton, Pa., was fourth at 429. Aubrey Rodney, Saratoga Springs, fifth at 426; and William (Doc) McMillen, London, O., sixth with 419.

Levi Harner, Bloomsburg, Pa., whose 129 victories led the field, stood seventh at 412.

SEEKS GAMBLING LAW

PITTSBURGH (AP)—Judge Samuel A. Weiss plans to sponsor state legislation to make it as much of a crime to play numbers as to book them.

The Democratic Allegheny County Common Pleas Jurist said yesterday he wants Pennsylvania's criminal code amended to provide the same penalties for numbers players as for writers.

Such a law, Judge Weiss said, would do more to wipe out the numbers racket than the combined efforts of the FBI, the district attorney's office and other law enforcement agencies.

TWENTY-FIVE YEARS AGO
Radio Pictures Shown in Home: Schenectady N. Y., Jan. 13 (AP)—The magic wand of science passing over the factory of the General Electric company here yesterday disclosed to a small group of radio engineers, scientists and newspapermen a vision of the future of radio broadcasting.

Sitting in comfortable chairs in three Schenectady homes, several miles from the company's broadcasting studio, the visitors were enabled both to hear and see the studio program. "Simple twists of the dials on the home television sets" brought to these men the minute reproduction of the characters who appeared before the microphone, even to the curl of cigarette smoke from their lips. The sound of their voices was heard in the usual way through a loud speaker supplementing the visual apparatus.

The climax of many years of laboratories of the company, yesterday's tests demonstrated the principal value of television as a means of entertainment in the home as well as opening the path to endless possibilities in the world of commerce, the radio engineers in charge of the demonstration asserted.

Edmund Thomas New President of Local Bank: Edmund W. Thomas, first vice president of the First National bank since 1921, was elected president by the board of directors after their own election at the annual stockholders' meeting, Tuesday afternoon. He succeeds E. C. Tyson, of Flora Dale.

Although he had twenty years of practical banking experience behind him, Mr. Thomas is still the youngest of the five men who have preceded him in the presidency of the bank.

Firemen Choose New Officers: Officers to serve the Gettysburg Fire department in 1953 were installed at a regular meeting of the company Wednesday evening.

The new officers include Earl A. Deatrick, president; George D. March, vice president; Arthur Buehler, recording secretary; J. W. Stallsmith, financial secretary; Joseph A. Codori, treasurer; and James B. Aumen, chief. Mr. Aumen has rounded out six years as chief of the local company.

17 Baby Boobies to Be Shown by County Youth: Seventeen members of the Adams County baby beef club are grooming their steers for show and sale to the twelfth annual state farm products show at Harrisburg, January 17 to 20.

Although fewer steers from Adams County will be exhibited this year, R. E. Underwood, farm agent, expressed the belief that the animals are of higher quality than last year. The members of the Adams county baby beef club follow:

Today's Talk

ATTEMPT — AT ANY TIME

I heard a noted person state recently that few of us ever used more than twenty-five per cent of our potentiality. In other words, three fourths of what we might have used remained dormant. What an indictment!

Don Marquis once wrote that he was "full of new beginnings." Aren't we all? At any time we can attempt any of them. "Grandma Moses" was well along in her life before she attempted painting — but she did attempt, and did so well that she became famous for her unique creations. Think how full a life has been that of Winston Churchill — statesman, military man, historian, great orator — and he, too, a fine painter, because he made that extra effort to please himself and to inspire others.

I have just finished reading a book about the career of the late William Randolph Hearst. What an amazing career he experienced! He was forever reaching out. His fingers were on the pulse of events, people and great enterprises. One of the greatest of the world's newspaper publishers, a statesman, a writer — and a poet. He believed in simple statements about ideas and events. For years he wrote a daily column, which was widely read because of its humanness and simplicity. He was forever attempting new things, creating almost to the hour of his death at the age of eighty-eight.

We need to get rid of our regrets. Read that inspiring poem by Tennyson, his "Ulysses." The hero of this poem didn't think his life was over so long as he could explore and hunt new worlds to conquer. Said the aged Justice Oliver Wendell Holmes: "To live is to function." It is the privilege — and opportunity — of us all to attempt something new at any time.

There are sixty minutes — and no more — to every hour of our lives. The poet Walt Mason suggested we ride them until their backs became sore! At the longest how brief is life. Fill it up. At any time you can attempt some new pleasure, some useful task, or some untold idea. Most of them costing merely — effort!

Tomorrow Mr. Adams will talk on the subject: "On Getting Excited."

DAILY WISH

When in the door I've turned the key

Upon the busy world outside

And faults I hope that none will see,

I have no further need to hide.

I pray that God will know of me

That day to do my best I tried.

When night slips down and I no more

Can alter what is worst or best;

When settled is the final score,

However stern has been the test,

I hope that I can close the door

And peacefully lie down to rest.

No matter what has had to be,

No matter what has been denied,

I do not want to turn the key

On any shameful loss of pride;

I want this thought to comfort me:

That day to do my best I tried.

The Eisenhower Story 9.

Goes Back to Europe

Once again, as supreme commander for the North Atlantic Treaty Organization, Dwight D. Eisenhower had a job in Europe that was both political and military.

He had to help persuade west European Nations to bury ancient differences and unite for common defense. He had also the staggering responsibility of converting a few small scattered military units into an effective, cohesive force.

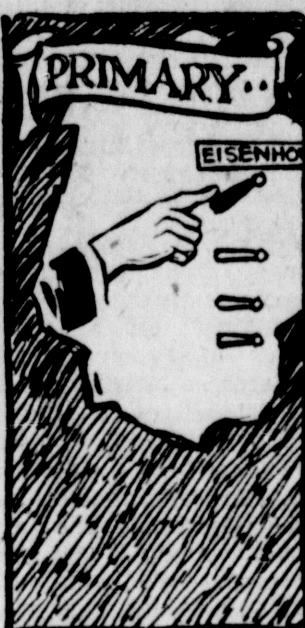

The extent of Eisenhower's success has never been made public statistically, by numbers of divisions. But most authorities agree that he did set up a working, dependable, unified command and did stimulate Western Europe's will to fight, if necessary.

Once again, Ike worked hard, making extensive inspection trips, always dealing bluntly with any threat to unity. At a time when there was Anglo-American friction over the naval command in the Atlantic, the general told a London audience, including Winston Churchill, that differences of opinion must be settled without bitterness in the face of the common cause.

His popularity in Europe was enormous. Once, Margaret Truman entered a Paris theater and received polite applause. Then the president of France entered and was received more warmly. But when Ike entered the crowd tore the roof off.

Proves Popular

Wins Primaries

Meanwhile, political pressures from home increased.

Visitors from home appeared more frequently at supreme headquarters. Every other one claimed to know that Ike had made up his mind to run for office or not to run. Now events were moving more rapidly.

Jan. 6, 1952, Sen. Henry Cabot Lodge said Ike was a Republican and entered him in the New Hampshire primary.

The next day, the general said he was a Republican and for the first time indicated he would be available. But he would only, he said, answer a "clear-cut call to duty" and would not campaign.

March 12, Ike swept the New Hampshire primary and eight days later collected 107,000 write-in votes in the Minnesota primary. Now Ike said he had to "re-examine my personal position and past decision."

June 1, General of the Army Dwight D. Eisenhower came home, was warmly received by President Truman, was awarded another medal, and then took off his uniform.

The man from Abilene was now an avowed candidate for the presidency.

EX-COMMY TO BE DEPORTED

WASHINGTON (AP)—An alien's admission that he belonged to the Communist party briefly in 1932 is sufficient cause for his deportation, the Supreme Court has ruled.

The ruling on Monday, by a 4-4 tie vote, was against Refugio Roman Martinez, who now faces deportation from Chicago to his native Mexico.

Martinez had protested that he should not be ordered deported unless it is shown by substantial evidence that Communists in 1932 advocated violent overthrow of the U. S. government.

The Supreme Court justice wrote no opinion, as is customary in the event of tie votes. The tribunal merely announced that the 4-4 vote affirmed a decision of the U. S. Circuit Court in Chicago. That decision was against Martinez's contention. Justice Clark, the former attorney general, took no part in the case.

Check Boy's Story He Started Blaze

YORK, Pa. (AP)—City police Tuesday were ready to recheck the reported confession of a 15-year-old youth in a \$25,000 warehouse fire Dec. 28.

David M. Furrow, juvenile case

Furrow said he believes the boy "totally incapable" of planning the fire.

The state fire marshal's office indicated it would recheck the case. The boy's name was withheld because of his age.

YANKEES MUST BE CHECKED TO OBTAIN U.N. JOBS

UNITED NATIONS, N. Y. (AP)—United Nations Secretary General Trygve Lie has agreed to stop hiring Americans as employees of the world organization until applicants have been checked by the FBI or the U. S. Civil Service Commission.

The move is the first step in a cooperative effort by the U. N. and the U. S. government to rid the Secretariat of American employees disloyal to their own government.

Lie and four of his top assistants conferred most of Monday with U. S. officials on ways of putting into effect a loyalty program ordered last week by President Truman. The President acted after

Lie had complained that in many cases he was not given sufficient information about allegedly disloyal Americans to take any action.

No formal statement was issued after the conference but U. S. sources said present and future American employees of the U. N. would be subject to the same loyalty investigations as regular U. S. government workers. Lie, however, will be the final judge of whether they should be employed.

9 To Be Checked

U. N. sources said they assumed the investigation would start with nine Americans whom the State Department has already reported on adversely. Lie said these nine were among those on whom he lacks sufficient information to act.

The U. S. sources said all 1,681 American employees of the U. N. would be checked by the U. S. Civil Service Commission and 345 Americans in higher posts would be subject to a full-scale FBI field probe.

If the Civil Service Commission turns up any derogatory information on any of the minor employees, their cases also will get an FBI check.

Any employee reported on adversely will have the right of appeal.

BANKER PUT ON PROBATION

PITTSBURGH (AP)—One of two former Indiana County bankers who admitted juggling bank funds is on five years' probation today.

Samuel P. Lewis, 62, ex-assistant cashier at the First National Bank of Indiana, was placed on probation on Monday in Federal District Court after pleading guilty to making two false entries for \$10,000 in the bank's books.

Harold E. Nesbitt, 46-year-old former president and cashier of the Homer City State Bank, pleaded guilty to four false entries totalling more than \$1,000.

Visiting Federal Judge Frederick V. Follmer of Lewisburg told Lewis he was showing leniency in his case because the bank actually lost no money through his illegal manipulations.

In a third bank case, Joseph G. Miscovey, former assistant cashier of the Cecil First National Bank in Washington County, went on trial on charges of misapplying \$1,200. The trial was postponed until tomorrow after selection of a jury.

to U. S. regional loyalty boards. After the investigation process is completed, the State Department will report to Lie on all those investigated.

Longshoremen Are Returning To Work

PHILADELPHIA (AP)—Thousands of Philadelphia longshoremen returned to work Tuesday, ending a strike which crippled the waterfront here for six days.

Some 250 of the 800 striking members of Local 1,332 of the AFL International Longshoremen's Association voted unanimously Monday night to accept a 27-cent-an-hour wage boost from the Philadelphia Marine Trade Association.

About 35,000 members of other longshoremen's locals, who had refused to cross picket lines set up by Local 1,332, joined in the back-to-work movement.

The strike had tied up an estimated 25,000 tons of cargo here. Many ships bound for Philadelphia had been diverted to other ports because of the walkout.

Wage scales were not disclosed.

Widow Of Suicide Victim Ends Life

HARRISBURG (AP)—The death of a woman whose husband died last month in a 13-story fall today was listed as suicide.

Coroner Thomas J. Fritchey of Dauphin County on Monday decided Mrs. Helen Avery, 50, formerly of Wilkes-Barre, died of suicide by "acute barbiturate intoxication." She was found in a coma at her nearby Colonial Park home Thursday and died Saturday at Harrisburg Hospital.

Her husband, Gordon, 53, an investment executive, "jumped or fell" to his death Dec. 8 from a New York City hotel, police reported.

ECONOMY GROUP FOR EXTENDING JOB SECURITY

HARRISBURG (AP)—Extension of job security and an improved administration plan were recommended today as possible steps towards economy and efficiency in the management of 60,500 state workers.

The Chesterman Committee came forward with these specific suggestions after a study of Pennsylvania personnel practices:

1. "A reasonable measure of job security" should be given an additional group of professional, technical and specially-skilled employees not covered by any form of security system at present.

2. An office of personnel should be established under a personnel director with specific provision for continual re-examination of position classifications and grades.

A third major proposal advanced by the committee, formally known as the State Government Committee, was a revision of employee leave practices "to bring them more in line with practice in private industry."

Saving and Efficiency
These measures, the committee predicted, "would not only result in more efficient performance of duties by state employees but would eventually be a saving to the commonwealth." The size of any saving was not estimated.

The committee, chosen last year by Gov. John S. Fine to recommend possible economies in state government, is headed by Francis J. Chesterman of Philadelphia.

The survey had this to say on job security:

"... About 56 per cent of all general state employees are covered by some form of security at present. Coverage might advantageously be extended to one-fourth of the remainder, or about 50 per cent of the total employees."

"Of the total 48 states, 26 accord security to a greater percentage of their employees than does Pennsylvania."

Too Many "Dray Feet"
"It is of first importance that key technical and professional employees be given a reasonable measure of job security. It is not merely low pay that deters many qualified persons from entering the state service but the absence of a sound personnel administration."

On civil service the committee found that conventional regulations "place too much emphasis on security of tenure with the result that too many employees drag their feet."

It recommended that workers dismissed with the approval of a proposed department appeals board should have no appeal on factual grounds to the office of personnel. The committee noted that salaries are too low to attract or retain competent trained personnel. "Incentives for employees to remain in state service are few and the turnover rate is extremely high," the committee said.

The survey found that minimum

NEW OXFORD—Mr. and Mrs. Charles Deardoff had as a recent visitor their granddaughter, Caroline A. Deardoff, York.

The Ladies 500 Club has resumed its meetings after the holiday season and held a meeting this week at the home of Mrs. Curtis J. Smith.

Mr. and Mrs. Gene Huggens, Philadelphia, have been visiting at the home of her parents, Mr. and Mrs. G. Mervin Spangler, east of town. Mr. Huggens, a graduate of the University of Southern California, is now employed as a motion picture editor by dePrees and Co., Philadelphia, producers of commercial films. Mr. Huggens, veteran of naval service, has also worked for the Gross-Krasne Productions and Eagle-Lion Studios. Mrs. Huggens was formerly Miss Harriet Ann Spangler.

Mrs. William McClain entertained the Women's Missionary Society of the First Lutheran Church at her home Tuesday evening. Assisting Mrs. McClain in presenting the lesson study was Mrs. John H. Wolf.

William C. Alwine Sr., who recently moved to Atlantic City, N. J., after selling his east end home to Mr. and Mrs. Charles Wolf, was a visitor of local relatives during last week. Since his return to his new home, Mr. Alwine marked his 81st birthday.

Because the shell keeps the ribs of turtles in a fixed position, breathing is done by means of an apparatus in the mouth and neck, helped by the movements of the legs.

Salaries have increased from \$900 a year in 1933 to \$1,956 at present and that the old maximum of \$12,000 is now up just 10 per cent, to \$12,200.

On the subject of leaves the survey reported state workers are allowed 15 days vacation and another 15 days sick leave. Also, further leave ranging up to 20 days may be granted persons with 10 years service. All state workers are off on 14 official state holidays.

CARDINALS TO BE GIVEN RED HATS BY POPE

VATICAN CITY (AP)—New cardinals of the Roman Catholic Church spent the second day of their elevation mostly resting in seclusion on Tuesday, getting ready for the next ceremony of their investiture.

This comes today when Pope Pius XII, at private Vatican Palace rites, presents to them various accoutrements of their new status as princes of the church—the red biretta, or square hat, and the scarlet skullcap.

James Francis Cardinal McIntyre, archbishop of Los Angeles, who was among the 24 prelates elevated at Monday's secret consistory, remained in seclusion at the North American Pontifical College. Only intimates were permitted to see him.

Public Consistory
Some of the cardinals were completing their new wardrobes in preparation for the great public consistory in St. Peter's Basilica Thursday. At this ceremony, culmination of the four-day program, they will receive their broad-brimmed, low crowned red hats, or galeros.

Others of the 17 new cardinals here in Rome spent the day resting, and in prayer and meditation. Papal messengers started for Spain, taking the red birettas for two new Spanish cardinals and the Apostolic nuncio to Spain, who also was elevated. Generalissimo Francisco Franco will place the hats on their heads. The heads of states in Portugal, France and Italy also will confer the birettas on the nuncios in their countries. They too, were honored on Monday.

There has been no announcement, however, of any plan to send the birettas to the two other new princes of the church, who did not leave their Communist-ruled countries because they feared the Red governments would not allow them to return. They are Alojzije Cardinal Stepinac of Yugoslavia and Stefan Cardinal Wyszynski of Poland.

Hear More Evidence In Extortion Scheme

PITTSBURGH (AP)—A federal grand jury heard more evidence Tuesday in its investigation of an alleged income tax extortion scheme. Frederick H. Altmeyer of New Kensington, suspended deputy tax collector, testified for more than four hours yesterday. He has pleaded guilty to extorting more than \$4,000 from a Homestead tavern owner.

Also slated to testify are the tavern owner, Harry Feldman, and two former deputy collectors, Stanley J. Barczak of Pittsburgh and Joseph S. Baysek of New Kensington. Altmeyer said all three were in on the scheme.

My Daze

AROUND THE TOWN—Harry

Grimes and family back from Florida sans tan... Must have pretty cold down there, which makes all of us northerners feel good. Florida's Chambers of Commerce never pass up a chance to let us know how wonderful it is to be in the sun in the deep south... I'll bet we did more "basking" up here in '52 than they did!... While eating breakfast this morning in Nell's, a guy approached Mike with a mongrel... Don't tell me Mike's wife didn't get her dog yet? ? ? Vernon Nesbit's Motel is beginning to look like something now... Wonder if he got his family off the streets yet... Where you sleepin' these days—Nesbits?... Norm Wiley's foot has finally healed, and he can join Lee Grove now in wearing both shoes... For a while neither of their spouses had to wash more than one sock for each of them! Martha Arbogast looking mighty chic in her new specs... Jimmy Williams sporting a new cap... Looks like he just came from the track! Leifers crowded every evening with folks getting their look at the new Chevrolet... It's beauty, too!... Barney Cromers blessed with another girl... Congrats—and keep trying old boy! (Don't laugh—I've

got two girls myself.) Bless Levi Plank's son... He reads this column regularly... Doesn't he have any homework, Levi? ? I heard there was a new w to be passed prohibiting children from reading comic books, and My Daze! Sure glad Fred Stough was open the night of the last big show storm... He cheerfully put my chains on, for a price, of course...

THE NEW CARS... Most of the '53 Detroit Iron has been announced, but watch for two or three new ones that will cause the rest of the industry to sit up and take notice... Hudson will later this year come out with a lighter car, smaller engine, and tremendous acceleration, to sell for approximately the same price as Ford and Chevy... Nash will present its NX-1, a small four cylinder car to be assembled here, but the body will probably be made overseas. Engine also, will either be the Austin A-40 or the Morris Minor four. Only true sports car made in America is the Cunningham, manufactured in Florida by the B. S. Cunningham Co. Boasts of three hundred HP Chrysler engine with either two or four carburetors. Body styles in either closed coupe or open two-seater. You can have one for your very own by planking down a cool eight or nine grand! Kaiser also will later this year attempt to market a limited number of two seaters, featuring the Willys P-head engine. They expect to make about

1000 cars, to sell in the neighborhood of three thousand clams.

THANK DEPT... Gill Hoffman (D'burg Correspondent) and I would like to thank the Times Staff, and editor for inviting us to their annual banquet. We had a swell time meeting all you Gettysburgians, and we were treated royally. Honestly folks, the people who make-up, print, sell, and deliver—the Times are all wonderful... Oh yes, Gill says to thank the chef for the bones she took home to her husband. John enjoyed them immensely!

HOW CUM DEPT?... How Cum none of you people ever write to us telling whether you like, or dislike this mess. We'd sure like to hear just what you'd want to see in print... Anything you would like to see in the paper regarding either York Springs or Dillsburg... all ya gotta do is drop us a post card, and we'll twist it around so's you'll never recognize it... Bless you all... HH

HOW

SLAVS SCOLDED FOR TREATMENT OF CATHOLICS

VATICAN CITY (AP)—The Vatican disclosed Tuesday it had sent a sharply-worded note to Yugoslavia last month accusing that Communist country of leading an unceasing struggle against the Catholic Church. The note was dated Dec. 15.

The note was in reply to an earlier Yugoslav note which accused the Roman Catholic Church of interfering in internal Yugoslav affairs.

The Vatican diplomatic complaint insisted the fundamental rights of the Catholic Church be respected. Yugoslavia broke diplomatic relations with the Vatican two days after the Vatican note was dated and presumably delivered.

This followed announcement here on Nov. 30 that Alojzije Stepinac, archbishop of Zagreb, would be named a cardinal of the Catholic Church.

Church Stands Firm
Stepinac was among 24 catholic bishops elevated to cardinal on Monday in the secret consistory at the Vatican. He is not in Rome for the four day rites in connection with the naming of new cardinals. He told a reporter at Krasice on Monday that the church will never bow to dictates of Premier Marshal Tito's Red regime in Yugoslavia.

The Vatican note said Catholics must be guaranteed liberty, not only to attend their churches, but also to maintain their faith, and to attend and participate in its rites and sacraments.

They must be given the possibility of establishing religious associations and of publishing religious newspapers.

It added that bishops must be permitted to visit their parishes and to attend to their sacred rights, to announce Catholic doctrine and to promulgate documents for the instruction and the pastoral direction of their people.

MOTHER HAPPY AS HIGH COURT AWARDS CHILD

PITTSBURGH (AP)—A happy mother, who regained custody of her baby daughter through a Pennsylvania Supreme Court Decision, flew here Tuesday from her Marmet, W. Va., home en route to Meadville to claim the child.

She is Mrs. Bonnie Sue Stanley, who said: "My prayers have been answered."

Her baby, born out of wedlock before the mother's marriage to Kenneth Stanley, has been with Mr. and Mrs. Arthur J. Marhoefer of Meadville.

Adoption Denied
The court yesterday awarded custody of little Sharon to the mother and denied an adoption order sought by the Marhoefers. The baby was born in a Pittsburgh founding home April 29, 1951, and placed with the Meadville couple by officials.

After Mrs. Stanley married, she sought to regain her child. She was refused permission by the Crawford County Court and appealed to the high court which sided with her.

"Oh, oh, I never had anything thrill me more in my life," said Mrs. Stanley on her arrival at the Greater Pittsburgh Airport. "When will I get my baby?"

Mrs. Stanley said she was sorry for the Marhoefer's and added: "I have nothing against them. I didn't want to hurt anyone. I just wanted my baby."

Shock To Foster Parents
Stanley, a garage mechanic, is not the child's father. The family plans to move from their second-floor apartment to a five-room house in East Bank, eight miles from Marmet, after they regain the baby.

Marhoefer described the high court's decision "as a pretty hard blow" when he heard the news at Meadville. He added:

"Mrs. Marhoefer is all right now. She took it pretty hard. I don't know how she'll be after the shock sets in."

The high court's opinion noted that the mother was only 17 when the baby was born and said it was a natural impulse that led her to have the child placed for adoption.

matching the comfort of deep seat cushions and a multitude of automatic effort-saving devices. Brilliant fabrics in a profusion of rich color and pattern combinations frame jewel-like appointments.

"As a superb complement to the fine interiors, Cadillac in 1953 offers, at the owner's choice, the finest car air conditioning system. Even with the hottest outdoor temperatures this system delivers fresh, dust-free air, creating a luxuriously cool interior atmosphere. The temperature of the air delivered to the interior of the car is easily adjusted as desired by the passengers. Because of the range of this system, it is ideally adaptable, whether in hot southern climates or in the temperate north. If desired, the cooling unit may be by-passed for the delivery of clean fresh air at outside temperatures.

"Cadillac's 210 horsepower engine for 1953 accomplishes both greater fuel economy and greater reserve power with further increase in smooth, quiet Cadillac performance.

Other Highlights
"Other engineering highlights provide an electrical system of twice previous voltage, highly improved roadability and riding comfort, added braking power and a new heating system.

"Additional advancements in the Hydra-Matic transmission designed for 1953 deliver the engine's power smoothly, silently and with instant response to the driver's demand. The Cadillac driver's pleasure is multiplied greatly and ease of driving increased by Cadillac Power Steering, which may be selected at the customer's option.

"Leading Cadillac's line for 1953 is its dramatic El Dorado. To be made in limited quantity, the El Dorado heralds the future accomplishments of Cadillac engineers and stylists.

"In addition, Cadillac offers seven models in Series 62, 60 Special and 75," he concluded.

JUSTICE CLARK, SEN. MORSE MAY BE QUIZZED SOON

By HARRY SNYDER
WASHINGTON (AP)—Congressional investigators pushing along today on new trails of influence-peddling and Justice Department operations amid indications Supreme Court Justice Tom Clark and Sen. Morse (Ind-Ore) eventually will testify.

The developments:
1. A House judiciary subcommittee awaited arrival of a file from Atty. Gen. McGranery on a mail fraud case which the Justice Department junked in 1946.

2. Aides of the House group and the Senate investigations committee joined hands in closed door questioning of a public relations man about what one member termed "an influence-peddling ring on the West Coast."

Morse And Mail Fraud Case
Rep. Keating (R-NY), tabbed to succeed Rep. Chelf (D-Ky) as chairman of the House probes when they organize, told newsmen the witness is Russell Duke of Portland, Ore., and San Francisco.

He said Duke faced a day of questioning about his operations and relations with Morse, the Oregon senator who broke with the GOP during the presidential race, and a Washington lawyer, Edward P. Morgan.

It was Keating, too, who said it is essential that Clark be questioned about the mail fraud case dismissal.

To Get Friend File
McGranery announced last night he will give the committee the file concerning the indictment of Roy E. Crummer and 10 other individuals along with the R. E. Crummer Company and the Crummer Company by a federal grand jury at Topeka, Kan., in August, 1944.

Justice files showed that Crummer and co-defendants were charged with scheming "to defraud bondholders of Citrus County, Fla., and the town of Panama City, Fla., and using the mails to execute their scheme." The govern-

ment said at the time the Panama City refunding case involved \$1,000,000 and the Citrus County refunding case \$1,511,000.

Dismissed In '46
A Circuit Court of Appeals, reversing a trial court's finding, held the indictment "was a good pleading."

Then, on June 10, 1946, the government had the charges dismissed.

U. S. Atty. Eugene Davis, who helped prepare the case as an assistant prosecutor, said at Wichita last night that "we were positive we had a good case against Crummer; we were chagrined at the order to dismiss."

Clark At Helm
At the time the case was dismissed, Davis said the action was taken "at the direction of and on the authorization of the attorney general after due consideration of the Department of Justice and all parties involved." He said last night he had insisted on getting written instructions from Washington.

Clark was head of the Criminal Division when the indictment was returned. He was attorney general when the case was dropped.

"No one knows what 1953 will bring in the way of new polo cases," Mrs. Codori said. "We are urgently in need of funds to continue the need already under way among persons previously stricken with this dread disease. We will need more money to meet whatever demands the polo situation in 1953 may impose upon the chapter."

IKE CONFERRING ON DEFENSE AND FOREIGN POLICY

By MARVIN L. ARROWSMITH

NEW YORK (AP)—President-elect Eisenhower called in the new administration's national defense and foreign policy chiefs today for a global strategy conference on security against the threat of communism.

Asked to attend the session were Charles E. Wilson, secretary of defense-designate; John Foster Dulles, who will be secretary of state; Harold E. Stassen, chosen to head the Mutual Security Agency; and Gen. Walter Bedell Smith, who will be under secretary of state and who now is chief of the Central Intelligence Agency.

The conference was arranged after Eisenhower decided yesterday to send Dulles and Stassen to Europe at the end of this month—within two weeks after the President-elect takes office next Tuesday—for an on-the-spot survey of problems facing the North Atlantic Treaty Organization.

Security Against Reds They also will size up future requirements for U. S. economic aid for Western Europe under the program Stassen will head.

The decision that Dulles and Stassen will go to Europe was made shortly before the conclusion of two days of Eisenhower conferences with his full Cabinet and other top officials of the new administration.

Today's conference probably will deal to some extent with the forth coming mission to Europe but it will be concerned primarily with defense and foreign policy problems on a global basis, Eisenhower aides said. They added that the central theme will be the idea of security against communism.

More Appointments Eisenhower met with his Cabinet and other top officials for 7½ hours yesterday and then announced these new appointments:

1. T. Coleman Andrews of Richmond, Va.—described as an independent Democrat who supported Eisenhower for the presidency—as commissioner of the Internal Revenue Bureau.

PHILADELPHIA PARALYZED BY TRANSIT STRIKE

PHILADELPHIA (AP)—Nine thousand Philadelphia Transportation Company workers went on strike today, sending 2½ million transit riders in search of other modes of travel.

The walkout began at midnight as cashiers on the Broad Street subway and Frankford elevated lines stopped accepting fares, giving some late customers an unexpected free ride. The shutdown was completed shortly before 1 a.m. as trolley, subway and bus operators pulled into barns and garages from outlying runs.

To meet the extraordinary crush, railroads and taxi companies added to their facilities and motorists got the family car out of the garage to pick up friends and fellow employees on their way to work.

Industrial firms rushed company trucks into service and the joint committee of the armed forces in the Philadelphia area brought every available bus and truck into play.

The walkout came as a surprise to some. An agreement was announced jointly earlier in the day by Michael J. Quill, international president of the Transport Workers Union, and Albert M. Greenfield, principal company negotiator, after a day-long session in the City Hall office of Mayor Joseph S. Clark Jr.

Now Get \$1.67 Rate
The proposed pact called for three pay increases, totaling 21 cents an hour, spread over the

next year and a half, coupled with a gradual reduction in the work week from the present 48 hours to 40. PTC employees now average \$1.67 an hour.

Immediately after that meeting, Quill left for New York, where he is directing a two-week-old walk-out of bus operators.

Terms of the agreement were submitted last night to the rank-and-file members of TWU Local 234. In a stormy mass meeting PTC workers voted on a standing count to reject the agreement and strike at midnight.

SEN. MORSE HAS SLIM CHANCE OF REGAINING TWO KEY POSITIONS

By JOE HALL
WASHINGTON (AP)—Sen. Morse (Ind-Ore) today held only a forlorn chance of regaining the two key Senate committee posts he lost by bolting the Republican ticket in the 1952 presidential election.

The Oregon senator was beaten, 81 to 7, yesterday when he appealed to the full Senate from the decision of the Conference of All GOP Senators to bump him off the armed services group. After the vote, taken by an unprecedented written ballot, Morse gave up a fight to retain his old labor committee assignment.

His only hope now is in a resolution which he himself introduced to increase the size of the two committees by two members each, one spot to go to Morse and the other to a Republican.

No Immediate Action
This resolution was shunted to

the rules committee, where it could rest for the remainder of the session. A Morse supporter, Sen. Humphrey (D-Minn.), wanted the Senate to instruct the committee to report back to a vote by tomorrow, but his effort failed.

Sen. Jenner (R-Ind), new rules chairman, told a newsman he had no plans to take up the resolution immediately and did not know what its fate would be.

Sen. Taft (R-Ohio), the majority leader, said he would accept the Morse resolution because it would preserve the GOP margin of one vote on armed services and labor.

Texan Opposed
But Sen. Lyndon B. Johnson (D-Tex.), the minority leader, told a reporter his side would never accept it since, in his view, the effect of the resolution would be to reduce the relative Democratic strength on the two committees. Even if the rules committee should vote approval of Morse's move, the Democrats could talk it to death on the Senate floor.

Having disposed of Morse's personal battle, the Senate adjourned until Friday. The House arranged to meet today to receive President Truman's annual economic message, to be read by clerks. The Senate won't get around to hearing the message, officially, until it meets again.

No Solid Work Yet
House leaders are still working on committee assignments; there is no assurance they will complete the task this week.

In any event, Congress appeared unlikely to get down to solid work until sometime after next Tuesday's inauguration. There was talk and some preliminary work, however, toward starting investigations of reported influence-peddling and Justice Department operations.

Morse, left off the Senate labor and armed services groups, was assigned by the GOP conference to two less desirable committees—public works and District of Columbia. He declined to take them after he had lost his floor fight, and the spots were left unfilled temporarily. But Morse told newsmen he would reluctantly serve on the public works and District committees if his resolution did not get favorable action.

Significant Changes
Significant changes were made on several top Senate committees in the slates worked out yesterday. Half of the Republican membership on foreign relations is new, with Taft heading the list of those in that category. He has been sharply critical of many of the postwar foreign policies of the Truman administration.

Joining him as committee newcomers are Sen. Langer of North Dakota, who has fought foreign aid and voted against the United Nations; Sen. Ferguson of Michigan, another critic of overseas spending; and Sen. Knowland of California, who has advocated much greater emphasis on fighting communism in the Far East.

The Democrats placed on foreign relations two senators—Humphrey of Minnesota and Mansfield of Montana—who have supported most foreign policies of recent years.

SEE SIGNS OF SOVIET PURGE AT HIGH LEVEL

by JOHN M. HIGHTOWER

WASHINGTON (AP)—U. S. officials said today Russia's arrest of a group of top-flight doctors, mostly Jews, may be the first step in a Soviet purge striking at highly placed political figures.

Whether such a purge will develop and whether it will reach into the little inner group of men around Premier Stalin is speculative, but experts here would not be surprised if that happened. They assume a struggle for power over Stalin's successor has long been going on.

They also expect further Moscow emphasis on the anti-Jewish aspects of the arrest. Some officials questioned whether this might eventually involve L. M. Kaganovich, a member of the old Politburo and still one of the inner circle.

Secret Police Involved

Some importance was attached also to Soviet radio criticism of the security police for having failed to turn up evidence of the alleged crimes of the nine doctors. This led to speculation over whether the secret police might be in for a purge which could conceivably involve L. P. Beria, another man who has been close to Stalin for several years. Beria is assumed to have some kind of responsibility for the secret police although he gave up nominal direction of its operations several years ago.

Moscow announced yesterday the arrest of the nine doctors on charges of being responsible for the deaths of two top Russian leaders, Andrei A. Zhdanov, a leading Politburo member, and Alexander Scherbakov, head of the chief political administration of the Soviet Army.

Medical Sabotage

Zhdanov died in 1948 and Scherbakov in 1945. The essence of accusations against the doctors was that they wrongly diagnosed the illnesses of the two men and brought about their deaths.

The State Department commented that this charge of "medical sabotage" against a group of men who were mostly Jews was "another step in the recent Soviet campaign against the Jews" such as was taken in the recent purge trials in Communist Czechoslovakia.

Committee Vice President Robert P. Snyder, chairman, and Dewey McCauslin are the patrons committee. Other committees are:
